### REMARKS/ARGUMENTS

#### **1.) Claim Amendments**

The Applicant has amended Claims 1-9. Applicant respectfully submits no new matter has been added. Accordingly, Claims 1-9 are pending in the application. Favorable reconsideration of the application is respectfully requested in view of the foregoing amendments and the following remarks.

#### **2.) Examiner Objections – Specification**

The Examiner objected to the specification because of several informalities. The Applicant thanks the Examiner for his careful review of the specification. In response, the Applicant has modified the specification as suggested by the Examiner. More specifically, the abstract and the title have been amended as suggested by the Examiner. The Applicant further submits that since the foreign priority is already recognized by the Examiner in the Office Action Summary (PTOL-326) as well as the original filing receipt, the Applicant has deleted the language in the specification claiming priority to the specified foreign application as suggested by the Examiner. The Examiner's consideration of the amendments to the specification is respectfully requested.

#### **3.) Examiner Objections - Claims**

The Examiner objected to Claims 1-9 because of informalities. Again, the Applicant appreciates the Examiner's thorough review of the claims. The Applicant has amended the claims to overcome the Examiner's objections. The Examiner's consideration of the amended claims is respectfully requested.
